Objectives

I am seeking employment as a Full Stack Web Developer, transitioning from a comprehensive healthcare background as a Registered Nurse. I am a team work oriented individual with a passion for problem solving and creating. My strengths include fast learning & adaptation in an ever-changing environment, finding and solving problems, team collaboration, strong time management skills, and commitment to lifelong learning and up skilling.

Technical skills

- HTML5	- GitHub	- Bootstrap
- CSS3	- JQuery	
- Javascript ES6+	- Node.js	

Professional Skills and Attributes

- Skilled at writing well-designed, testable and efficient code using current best practices.
- Dedicated to life-long professional development
- Well-organised, productive, flexible, reliable and efficient
- Strong believer in client-focussed work
- Skilled in time management and prioritising project requirements
- Exemplary communication skills
- Resolving technical issues

Projects

HollyView | https://github.com/sarahgormley/hollyview | https://nolie88.github.io/appvengers-assemble/

Summary - HollyView is a site in which a user can collate a locally saved list of their recently watched and favourite movies.

Tools - HTML, CSS, Javascript, jQuery, Orbit CSS, OMDB Movie API, Youtube API

Role - CSS styling, HTML page development, Local storage

Code Quiz | https://github.com/sarahgormley/Sarahs-Code-Quiz | https://sarahgormley.github.io/Sarahs-Code-Quiz/
